

## **Free Parking for Guests with Hybrid Vehicles at Brookstreet** *Green Spaces Designated for Environmentally-Savvy Guests*

**Wednesday, November 03, 2010 – OTTAWA:** Yet another green initiative has been implemented by Brookstreet Hotel. Guests that arrive in hybrid vehicles will receive complimentary parking in the secure, climate-controlled underground garage of the four-diamond hotel.

Keenly passionate about the environment and sustainable business practices, Executive Vice-President Patrice S. Basille has played an active role in leading the Brookstreet team to think green. “All of our partners (employees) participate in the many programs and policies throughout the hotel that reduce our environmental footprint.” said Patrice. “Our guests are also encouraged to consider the environment via the many options available to them, from choosing bottled water to reusing towels or linens for a second day. Guests that have chosen the hybrid route for transportation clearly deserve to be rewarded for their conscientious decision to be responsible for their impact on the environment.”

There are currently three prime parking spots designated for the exclusive use of guests with hybrid vehicles, but more will be added depending on demand. The use of these spaces will be tracked upon guest’s check-in to monitor requirements for the future.

### **About Brookstreet**

Brookstreet is Ottawa’s leading four-diamond hotel with world-class facilities, including the four-diamond Perspectives Restaurant, The Marshes championship golf course and full-service Au Naturel Spa. Since opening in 2003, Perspectives Restaurant is the proud recipient of the Wine Spectator Award of Excellence as well as the Four-Diamond Award from CAA/AAA.
